TERMS AND CONDITIONS

TERMS: 30 days net, 2% discount 10 days from date of shipment. These terms are offered to those of established credit. Cash, security or satisfactory references are required from unknown parties. Where **CASH ACCOMPANIES ORDER, PACKING IS FREE.**

PRICES: Are based upon present market conditions and are subject to change without notice and are for the stock **F.O.B.** Decherd, Tennessee. Cost of Boxes or Bales to be added at our cost for labor and materials.

CLAIMS: All claims must be made **IMMEDIATELY AFTER RECEIPT OF STOCK.** All shipments will be accompanied by a Tennessee Dept. of Agriculture Certificate of Health. We are not in a quarantined area.

LIABILITY and NON-WARRANTY. All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: "We give no warranty, expressed or implied as to description, productiveness, or any other matter, of any nursery stock, seed or bulbs we sell."

SHIPPING: We normally start shipping bareroot stock by October 15th and continue thru April 15th.

When no instructions are given, we ship as we think will best serve you, without assuming responsibility. If you prefer Rail, Truck or Express, please tell us, also giving any special routing instructions.

While we use every means at our command to secure prompt delivery, **WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER.** Remedy for loss must lie between the buyer and the carrier, but we will render all the aid we can.

TRUCK DELIVERY: We have access to local delivery trucks and trailers for hire. Charges are very reasonable, averaging about 40 cents per mile one way for large van trailers.

LOCATION: We are located 80 miles south of Nashville—70 miles NW of Chattanooga on Highway 41A—2 miles N of Winchester.

Packing Procedures Improved!

This year we will be using a line of light weight expandable veneer boxes. These boxes will be lined with plastic coated paper to hold in the moisture. This type of packing will get your shipments to you in better condition. Size of plants and size of orders may prevent our using these boxes in some instances in which case we will bale using the plastic lined paper.

WE'RE STILL TRYING TO SERVE YOU BETTER.

Flowering Crabapple

Fast Becoming America's

Favorite Ornamental

Tree!

**Make these your sales leader — they will
build repeat business and return an
excellent profit for you at
the same time!**

Flowering Crabs are the finest of ornamental trees. Outstanding showy trees! Brilliant in bloom—contrasty in foliage—bearing fruit ranging in color from green through yellow and bronze to red and purple! Breath-taking contrasts for SPRING, SUMMER, FALL! Very hardy and free from disease making medium to small size trees ideal for the modern lawn and as street trees.

Varieties and Prices Next Page

FLOWERING CRAB

Flowering Crab —

Group 1 Varieties

DOLGO:

Single white flowers—Very hardy—Red fruit—Most popular jelly crab.

ELEYI — PURPUREA ELEYI:

Reddish purple foliage in spring. Single deep pink blossoms. Showy Red Fruit.

HOPA:

A mass of crimson buds in April opening to rose colored blossoms, followed by attractive bronzy red foliage. Later the tree sparkles with small bright red apples—red clear thru—that make wonderful jelly and beautiful spiced crab apples. Tree an upright grower, easy to grow and perfectly hardy anywhere. **OUR BEST SELLER!**

RED SILVER:

Crimson flowers, rich maroon red fruit. Foliage semi-cutleaf with silver and red coloring making a remarkably beautiful combination.

SCHEDECKERI:

Flowers pale pink and semi-double. Fruit yellow. Foliage rich green. Bark green. Good grower.

	1 - 9	10 - 20	30 up
3 to 4 ft. Br.80	.70	.60
4 to 5 ft. Br.95	.85	.75
5 to 6 ft. Br.	1.25	1.10	1.00
JUMBO SIZE 6 ft. & up.....	1.50 ea.		

Flowering Crab —

Group 2 Varieties

ALMEY:

With glistening Red Petals of large size carrying a white marking at base of each petal giving the effect of a five pointed star, ALMEY is truly the most outstanding introduction for many years. New foliage tipped with red, mature leaves large, bright green and serrated. Bark of new growth reddish bronze flecked with white. An excellent item to pot for cash and carry sales as it USUALLY BLOOMS THE FIRST YEAR PLANTED! The scarlet fruits are retained till spring, furnishing winter color and food for winter birds.

COWICHAN:

Foliage brilliantly colored in fall. Fruit spectrum red good for jelly. Flowers single, purplish red. Very early bloomer. Tree a vigorous grower.

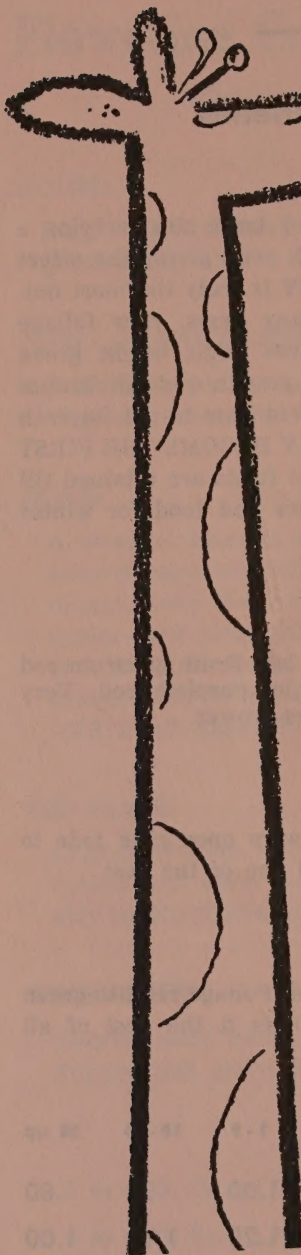

FLORABUNDA:

Japanese flowering crab. Flowers open pink fade to white. A heavy bloomer. Still one of the best.

MAKAMIC:

Purplish-red flowers. Fruit red. Foliage reddish-green to bronze. Dr. Wyman considers it the best of all rosy bloom crabapples.

CHEROKEE CHIEF®

Red Flowering

Dogwood

Plant Patent No. 1710

This variety of Dogwood tree is a patented variety covered by U. S. Plant Patent #1710 and is being grown under license from the patent owner. "Cherokee Chief" is the registered trademark of the owners.

• **BLOOMS A BEAUTIFUL DEEP RED**

A clean rich ruby red that holds up throughout blooming periods.

• **NEW GROWTH A BRIGHT RED**

In spring and early summer the new growth is a bright red, much deeper than ordinary, reflecting the deeper color of the blossoms. Fall coloring is bright scarlet shading to green.

• **EXCELLENT GROWER**

A strong clean grower with dominant leader and uniform branching habits.

Cornus Florida Cherokee Chief—once in a great while, the wonderful workings of nature produce a truly outstanding plant possessing the good traits of its parents and further endowed with beauty and merit far beyond its predecessors. Such a plant is "Cherokee Chief"—a truly red-red flowering Dogwood with excellent growth and outstanding foliage characteristics.

Moraine[®] Ash

Plant Patent No. 1768

BEAUTY IN SYMMETRY

A beautifully formed, medium sized shade tree that holds its luxurious olive-green foliage into late Autumn.

BEAUTY TO ENJOY FROM YOUTH TO MATURITY: The Moraine ash forms itself symmetrically in early growth, keeps its distinctive shape as it reaches full height (35 to 40 feet).

A CLEAN, TIDY TREE that doesn't make you work: When the small olive-colored foliage falls, it sifts through the lawn easily to eliminate leaf raking. The Moraine Ash also features a smooth attractive bark on trunk and limbs that adds to its cleanliness and desirability.

HARDY, VIGOROUS: Tests prove the Moraine Ash prospers in climatic conditions throughout most of the United States, including Maine, Montana, and North Dakota. You enjoy its beauty later in Autumn than most ash trees.

IDEAL FOR STREET, LAWN PLANTING: This tree has none of the undesirable traits usually associated with the common ash. The Moraine Ash shapes itself, holds foliage into late Autumn, and its lacy shade permits luxurious lawn development. It's an ideal tree to add new interest and beauty to any landscape planting.

Moraine[®] Locust

**HARDY, VIGOROUS, FAST-
GROWING SHADE TREE**

Once established, the fast-growing MORaine LOCUST adds from 3 to 5 feet in a year. Under favorable conditions these trees reach 25 to 30-foot height within 7 years.

MORaine LOCUST:

Nationally advertised, this fast selling new shade tree is a wonderful addition to your line.

This variety of honey locust tree is a patented variety covered by U. S. patent #836 and is being handled under license from the patent owner. Moraine is the registered trade mark of the Siebenthaler Company.

SHADE TREES

SHADEMASTER® LOCUST:

Princeton Nursery Co. after many years of development work has released this outstanding new variety, and we are proud to be growing this tree to offer our customers.

- Straight Strong Trunk
- Ascending Branches
- Requires no Staking
- Heavy, Dark Green Foliage
- Forms an Unbelievable Symetrical Top

This variety of Honey Locust tree is a patented variety covered by U. S. Patent #1515 and is being handled under license from the patent owner.
